

Student Consumer Information Disclosure

The Higher Education Opportunity Act of 2008 requires that universities make available to current and prospective students important information concerning each institution's academic programs, retention rates, graduation rates, crime reports, financial aid procedures and more in an effort to ensure fairness and transparency for all higher education consumers. Florida Academy is committed to providing prospective students, students, and their families full disclosure of all consumer information as required by state and federal law.

The laws are intended to satisfy an individual's right to know and afford the opportunity to make fully informed choices regarding the institutions being reviewed. Florida Academy has developed this page to serve as the central portal for obtaining necessary information about our institution.
